\$473,709.00	\$363,755.00	\$13,000.00	\$0

SUMMARY

The above named small works roster project will construct approximately 35 LF of 6" PVC side sewer and appurtenances. The proposed project is required due to the existing side sewer stub for the referenced property originally being installed too shallow.

District Staff solicited bids under the Small Works Roster procedures. The current RCW allows for the solicitation of bids from at least three contractors on the appropriate small works roster, provided that the estimated cost of the work is less than \$35,000.00.

Bids were solicited and received from three contractors on the City of Lynnwood's Small Works Roster. Bids received are as follows:

- Bolles Construction - \$12,109.44
- Kingsgate On-Site Services - \$17,608.19
- Mosbrucker Excavating - \$23,392.00

As shown above, Bolles Construction was the low bidder at \$12,109.44 (includes tax). The above named contractors have all done satisfactory work for the District in the past.

Based upon Staff's analysis of the bids, it is recommended that the Board of Commissioners adopt Resolution No. 2005-12-____ awarding the 9364 NE 120th PL Side Sewer Stub Replacement Small Works Roster Project to Bolles Construction, Inc. of Redmond, WA in the amount of \$11,130.00 plus sales tax in the amount of \$979.44 for a total awarded contract amount of \$12,109.44.
