

Up to a
\$100 Rebate

IRRIGATION TIMER REBATE APPLICATION

Use this rebate to replace your existing irrigation timer with a WaterSense certified timer. These timers reduce your water bill by using weather data to modify the runtimes on your timer. Some timers even include an app for your phone.

TAKE THESE 4 EASY STEPS:

1. Check to see if you are eligible for this program—see green box at left.
2. Install a WaterSense certified irrigation timer. (Timers must be set to the weather tracking service.)
3. Complete the digital application (fill out the PDF form), print, sign, and send along with a copy of the receipt and a recent copy of your water bill using one of the following methods:
 - Email to mark.guthrie@seattle.gov
 - Fax to (206) 684-8529
 - Mail to: **Mark Guthrie**
Landscape Water Conservation Program Manager
PO Box 34018
Seattle, WA 98124-4018
4. Once received and approved, your rebate will be paid.

BACKFLOW PREVENTION: Your application may be shared with your water utility to verify backflow prevention compliance for your irrigation system.

Past Irrigation Practices			
How many irrigation zones do you use on your controller? _____		For how many minutes did you irrigate your lawn? _____	
For how many minutes did you irrigate your trees, shrubs and perennials? _____		Did you have a rain sensor? _____	
How many days per week did you irrigate? _____			
Did you modify your runtimes throughout the year for warmer or cooler weather? _____			

By signing this application, the Applicant acknowledges and agrees to the following terms and conditions:

- The information provided on this form is true, correct, and complete.
- The release of utility records to the City of Seattle, Seattle Public Utilities is for the facility described above. The data will be used for analysis and evaluation of water savings in this facility. All information is confidential.
- Seattle Public Utilities shall have the right, but not the obligation, to inspect the installed project for the sole purpose of verifying that installations are in conformance with program requirements. Inspections are not a certification, warranty or other approval with respect to the Applicant's compliance with applicable laws, ordinances, and building codes.
- Seattle Public Utilities has not and does not make any representations or promises with respect to the projects water consumption, and/or water savings from the installed products. Seattle Public Utilities makes no implied or express warranties regarding this program or its policies, procedures, and/or any installed products, AND specifically disclaims any warranty of merchantability, or fitness for a particular purpose. Funding is limited and rebates are available on a first come, first served basis.
